## Organisation issues

### in accordance with Espoo Conv., Slovak law and best practices

- the municipality (locally) or MoEnv (internationally) announces the public hearing date and venue 10 days in advance at least (alt. using SE external communication channels)
- transportation of Mochovce regionals (incl. EMO employees) to/from Bratislava will be provided by SE
- access to the hearing room – pre-registration, additional registration form at entrance
- access limited in case of overcrowding number of interested stakeholders (over 150) with priority access for the pre-registered (max. 5 per organisation)
- alt. large-screen projection to adjacent room for those who did not get into the hearing room
- SE identity issues (logo banners, image&message banners, back-drop for interviews, MO34 genesis banners + LCD with MO34 animated video in a foyer)

## Organisation issues – cont'd

- ▶ info-kits for the participants (SK/EN version): SE's Face of Energy; Mochovce – New Clear Power, EIA Executive Summary (to be issued), Mochovce & Bohunice Operational Report 2008
- ▶ SE shall arrange recording of the entire hearing with transcription sent to MoEnv which is responsible for the Minutes of the Meeting
- ▶ refreshment during coffee break for journalists / alt. all participants
- ▶ briefing of presenters (aspects to focus on/avoid)
- ▶ security measures in case of antinuc disturbance in the hearing room
- ▶ areas near to the Borik Hotel shall be booked for WONUC demonstration to avoid antinuc unrests (SE Comm. responsibility)

## Rules of discussion

- ▶ The discussion is controlled by moderator
- ▶ Each member of the public willing to make a comment/inquiry has got two possibilities how to do so:
  - written question/comment on forms prepared
  - vox populi by raising the hand (2 handy microphones will be available)
- ▶ Each member of the public shall introduce him/herself (name/organisation/ municipality) for the purpose of the Minutes of the Hearing
- ▶ In case of unrests/uproar in the hearing room, the mayor of Kalna is authorised to ask police (security service) for peaceful mitigation

## Pending issues

- Reach the lowest possible media & public attention
- Prevent public hearing in Vienna - **Vienna City Council declared that a public hearing in Vienna can be expected in late September, with the EIA Public Consulting ending on October 6th !!!**
- Resolve Aircraft Crash topic (SE & UJD responsibility)
- Resolve the issue of compulsory pre-registration and the authority responsible for the centralized register of interested stakeholders
- Confirm participation of all proposed guests
- Confirm presenters
- Resolve the issue of the authority that will be executing the invitation of interested stakeholders locally and internationally
- SE's position on Slatinka
